## **Short Description:**

COURSE OVERVIEW This training program aims to provide participants with the fundamental knowledge, skills, and techniques necessary for the effective management and optimization of organizational document workflows. Through a comprehensive understanding of advanced document management strategies, participants will be able to enhance productivity within their organisations. The course will cover various aspects of document workflows, focusing on how to streamline processes and reduce inefficiencies, ultimately leading to improved organisational performance. In addition to productivity enhancements, this program emphasises the importance of compliance with both regulatory and organisational standards. Participants will learn how to implement best practices in document management that not only meet legal requirements but also align with internal policies. By the end of the training, participants will be equipped to develop and maintain robust documentation systems that support their organisations' goals and ensure that all documentation is systematically organised and easily accessible.

## **Course Overview:**

## **COURSE OBJECTIVES**

At the end of this program, participants will be able to:

- Implement strategic approaches for organising and managing organisational documentation.
- Leverage document management systems for efficient storage.
- Retrieve important documents quickly and easily.
- Share documents securely and effectively.
- Ensure security and version control of all documents.
- Comply with relevant regulatory requirements.
- Evaluate and enhance document management processes to boost organizational efficiency.

#### TARGET AUDIENCE

Phone: (00 44) 208-0900-865 / Mob.: (00 44) 757-722-6724 (+WhatsApp) / Mail: info@piklondon.com / Web: www.piklondon.com Registered in England and Wales No. 8960506 / Members of the WBC (Westminster Business Council – LONDON)

Suite No. 129 295 Chiswick High Road LONDON W4 4HH

- Managers responsible for streamlining document workflows.
- Administrative staff seeking to improve document handling practices.
- Document controllers aiming to adopt advanced management techniques.
- HR employees involved in document-intensive roles.
- Secretaries looking to enhance their document management skills.
- Supervisors from diverse industries transitioning to a paperless working environment.
- Professionals interested in advanced document management strategies.

## **Program Outline:**

## DAY 1: Boosting Departmental Efficiency through Effective Document Management

- 1. Enhancing departmental efficiency with innovative document strategies.
- 2. Recognising the significance of Engineering Document Management Systems (EDMS) in contemporary organisations.
- 3. Investigating modern technologies in document management systems.
- 4. Shifting from conventional to digital documentation processes.
- 5. Addressing common obstacles in the adoption of EDMS.

## DAY 2: Characteristics of Document Management Systems and Their Effect on Efficiency

- 1. Essential characteristics of document management systems and their impact on workflows.
- 2. Efficient management of documentation systems for optimised operations.
- 3. Tackling fundamental implementation challenges and proposing solutions.
- 4. Harnessing advanced features to enhance organisational efficiency.
- 5. Examining integration possibilities with current tools and software.

#### DAY 3: Overseeing Subcontracting, Quality, and Engineering Documentation

- 1. Optimal practices for overseeing subcontracting documentation processes.
- 2. Assessing service quality through effective documentation practices.
- 3. Effectively managing engineering drawings, maps, and technical records.
- 4. Ensuring precision and compliance in handling technical documents.
- 5. Improving quality assurance through organised document reviews.

# DAY 4: Strategies for Implementation and Long-term Planning

Phone: (00 44) 208-0900-865 / Mob.: (00 44) 757-722-6724 (+WhatsApp) / Mail: info@piklondon.com / Web: www.piklondon.com Registered in England and Wales No. 8960506 / Members of the WBC (Westminster Business Council – LONDON)

Suite No. 129 295 Chiswick High Road LONDON W4 4HH

- 1. Crafting effective strategies for implementing document management systems.
- 2. Principles of project management for successful EDMS integration.
- 3. Preparing for future documentation requirements over the next 5 to 10 years.
- 4. Transitioning to advanced systems like GIS and FM for improved intelligence.
- 5. Ensuring the scalability and adaptability of document systems for future expansion.

#### DAY 5: Enhancing Organisational Knowledge Management through Documentation

- 1. Utilising documents to reinforce organisational knowledge management systems.
- 2. Identifying and leveraging key EDMS resources and data sources.
- 3. Fostering organisational learning through systematic document management.
- 4. Establishing standards for knowledge sharing and accessibility.
- 5. Course Conclusion.
