Innovative Thinking & Creativity Leadership Skills

PIK737-0725 UK-LDN-1

**If you can't train them,
you can't blame them!**

Short Description:

COURSE OVERVIEW This training program emphasises the importance of cultivating leaders who can effectively leverage creativity to enhance peak performance within their teams and organisations. By fostering an environment that encourages innovative thinking, participants will learn to approach complex challenges with a fresh perspective. The curriculum is designed to equip leaders with essential skills and a mindset that embraces adaptability and resourcefulness, vital traits for navigating today's dynamic business landscape. Moreover, this program aims to unleash the creative potential of leaders, empowering them to inspire and motivate their teams toward excellence. Through interactive workshops and practical exercises, leaders will develop techniques to foster collaboration, encourage diverse ideas, and implement creative solutions. By integrating creativity into their leadership approach, participants will be better prepared to drive performance and achieve organisational goals, ultimately leading to sustained success and growth.

Course Overview:

COURSE OBJECTIVES

At the end of this program, participants will be able to:

- Develop a strategic leadership communication plan that aligns the organisation's vision with its culture.
- Implement effective communication strategies to enhance leadership within the organisation.
- Harness emotional intelligence to influence teams and stakeholders positively.
- Identify and leverage personal leadership strengths to improve team dynamics.
- Apply mentorship techniques that foster talent development among team members.
- Employ motivational strategies to encourage self-motivation within teams.
- Utilise advanced delegation and empowerment strategies to improve resource efficiency and productivity.

TARGET AUDIENCE

- Managers at all managerial levels.
