## Fundamental Skills for Training Specialists & Coordinators

PIK764-1025 AUST-V-1

**If you can't train them,  
you can't blame them!**

### Short Description:

**COURSE OVERVIEW** This training program provides participants with the fundamental skills and knowledge necessary to effectively prepare and develop training specialists and coordinators. By focusing on best practices in training design and implementation, the program equips participants to create programs that not only meet the needs of their organisations but also foster the growth and development of their workforce. Participants will gain insights into various training methodologies, adult learning principles, and evaluation techniques that are vital for creating impactful training experiences. Moreover, the program emphasizes the importance of aligning training initiatives with organisational objectives. By empowering participants to manage and evaluate training programs systematically, they will be positioned to enhance workforce capabilities effectively. This alignment ensures that training efforts contribute to broader strategic goals, leading to improved performance and productivity within organisations. Ultimately, the training program aims to cultivate proficient training specialists and coordinators who can drive organisational success through effective talent development.

### Course Overview:

#### **PROGRAM OBJECTIVES**

By the end of this program, participants will be able to:

- Understand the key roles of training specialists and coordinators.
- Identify the responsibilities of training specialists and coordinators.
- Develop effective training programs.
- Create strategies for impactful training sessions.
- Manage the logistics of training sessions.
- Administer training sessions efficiently.
- Assess and improve the effectiveness of training initiatives.
