Effective Negotiation of Contracts & the Management of Claims

PIK777-1025 UK-LDN-2

**If you can't train them,
you can't blame them!**

Short Description:

COURSE OVERVIEW This training program aims to provide professionals with crucial skills and knowledge necessary for the effective negotiation of contracts and the management of claims across diverse business environments. By focusing on key strategies and techniques, the program seeks to empower participants to improve their negotiation abilities, ensuring they can navigate complex contractual discussions with confidence and competence. As professionals engage with various stakeholders, mastering these skills becomes essential in fostering positive business relationships and achieving favourable outcomes. Moreover, the program emphasizes the importance of proficiently managing contract-related challenges. Participants will learn to identify potential issues, formulate effective responses, and implement strategies that mitigate risks associated with contractual agreements. By equipping professionals with these competencies, the training not only enhances individual effectiveness but also contributes to the overall success of organisations in managing their contractual obligations and claims processes.

Course Overview:

COURSE OBJECTIVES

By the end of this program, participants will be able to:

- Master the principles of contract negotiation.
- Implement effective negotiation strategies.
- Understand the legal aspects of contract formation.
- Recognise the enforcement of contracts.
- Develop approaches for managing claims effectively.
- Handle disputes with confidence and skill.

- Apply best practices for drafting and reviewing contracts.
