**Entrepreneurship Skills for Start-Ups & Small Businesses - CPD ACCREDITED**

PIK-0326 DZ-O-2

**If you can't train them,
you can't blame them!****Short Description:**

Entrepreneurship refers to the process of recognising & establishing a new business endeavour typically characterised by creativity & willingness to take risks. This training program plays a crucial role in nurturing an environment that encourages innovation & development within the business sector. By grasping the concept of entrepreneurship, learners will acquire valuable entrepreneurial competencies that enhance creativity, problem-solving & decision-making abilities. These competencies are indispensable for fostering innovation & achieving success in the ever-evolving business landscape. Enhancing entrepreneurial skills is crucial as it equips individuals with the ability to identify opportunities effectively. By honing these skills, participants can recognise potential areas for growth & development, whether in their startups or in their medium-to-small established businesses. This capability allows them to stay ahead in the dynamic business world, showcasing their innovation & forward-thinking approach. Throughout this program, participants will be equipped with the essential tools & knowledge required to effectively initiate & expand a business. This initiative aims to enhance participants' creativity, problem-solving skills & decision-making capabilities.
